

Starlit Sky

In your crimson bed of flowers
You descended into my soul
I was there for joy of love
But the pain is all that I found

Through the dark blue starlit sky
Selfishness was the game
Your deep eyes and naked skin
It was all that I perceived

Break loose
Your mind
Break loose
Your soul
Tear down these walls that are
Still separating us
Break loose
Your heart
Break loose
Your love
Slow down this pain that is
Still separating me from you

Echo in the universe
Would it change a thing for you?
I think it's hard for us to see
A level from it all

A human element makes a difference
But the fear divides us in all
Your voice of pain and voice of joy
The time will heal us all

Break loose
Your mind
Break loose
Your soul
Tear down these walls that are
Still separating us
Break loose
Your heart

Break loose
Your love
Slow down this pain that is
Still separating me from you

Echo in the universe
Would it change a thing for you?
Improving our lives and shouldn't be scared...
Denying our feelings we cared

Break loose
Your mind
Break loose
Your soul
Tear down these walls that are
Still separating us
Break loose
Your heart
Break loose
Your love
Slow down this pain that is
Still separating me from you
